

High Security Quality Window Shootbolt Locking System

The Stallion 2

- Continuous durable look aesthetics
- High quality stainless steel & composite materials used throughout
- 1000 hours salt spray test accredited
- Automatic self setting telescopic mechanism
- Rising cams gives extra frame clearance and maximum engagement
- High load gear box design
- A range of four sizes covering sash rebates from 300mm-1350mm
- Secured by design accreditation

At Swadlincote Windows, we believe in using the very best locking systems to ensure maximum security and longevity. This coupled with rigorous testing and a Secured By Design accreditation proves the quality of the Stallion 2 Shootbolt Locking System by Trojan Hardware.
