Door Colours

The Discovery range doors are available in three external colours in Hornshuch foil. All doors from the range will be supplied with a Foiled White skin on the internal face of the door.

Hickory

White Oak

Fossil

Achieving the modern simplicity of the door styles and allowing generous light through entranceways. All doors as part of the Discovery Range are supplied with Satin glass as standard only.

Satin

Frame Colours

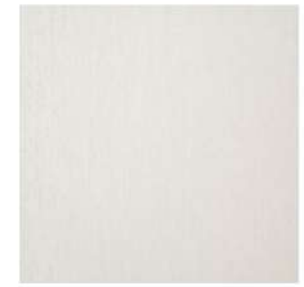

Our contrasting frames create the stunning contemporary look to the Discovery range. Choose from three stylish foiled frame colours with matching cassettes as standard.

Black Ultimatt

Anthracite Grey

Foiled White

Internal frames are Foiled White as standard only, to perfectly match the Foiled White internal door skin.

Discovery range doors are available with Chamfered frames as standard, matching the sleek look and complementing the architectural modern design of the door styles.

The slim design of our chamfered frames perfectly coincide with the stylish foiled frame colours and create a visually stunning contrast to the door colours.

Aluminium Frames

Why not get the ultimate package by upgrading your door with our aluminium frames?

- ✓ Added durability
- ✓ Modern & sleek aesthetic
- ✓ Highest-quality manufactured in the UK

Aluminium frames are a great way to upgrade our Discovery door range, providing a high-quality addition to a sleek composite door.

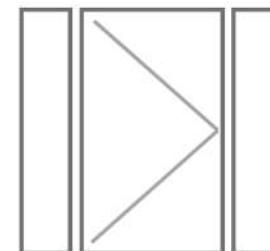

Aluminium frames also allow for a third seal to be fitted within the frame just like our PVC outer frame.

Configuration Options

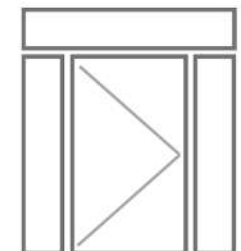

Combination frames offer increased aesthetic value and pair perfectly with our Discovery doors. Choose from a variety of configurations to suit your homes style and taste while bringing more natural light into an entranceway.

Door & Side

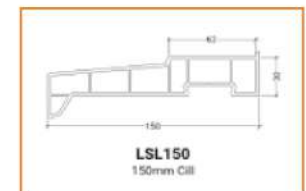

Door & Two Sides

Door, Side Panels & Toplight

With side panels made to order, there is something for everyone to find the perfect fit for their home. The minimum size of side panel widths is 250mm as a minimum weld size.

Cills are available using our 150mm cill size only.

Complete Security

We've partnered with UK security experts to bring their expertise in product design, manufacturing and testing to produce a composite door with optimal security and performance.

Each CompDoor also comes fitted with the very latest in auto-fire multi-point lock engineering. This multi deadbolt auto-fire lock has been rigorously tested over 50,000 cycles and is fully compliant to PAS24 security standards. The mechanism, automatically engages when the door is closed, with no need to lift the handle, for optimal security and to minimise movement.

High Security Barrels

Active Snap Protection

When attacked, a hidden pin within the hardened Molybdenum cam fires into action to create a barrier that would-be intruders can't get past.

Multi-Layered Protection

ABS cylinders feature advanced technology to combat against snapping, picking, drilling and bumping.

Tried & Tested

ABS 3 star rated cylinders are approved by the Police Security Association, passing with the Sold Secure Diamond grade recognised as the highest security standard UK locks can conform to.

£2000

HOME OWNER GUARANTEE

THAT MEANS IF AN INTRUDER BREAKS INTO YOUR HOME AS A RESULT OF SNAPPING THE CYLINDER, ABS WILL PAY £2000

BLU™

316 Marine Grade Stainless Steel

Our Coastal range of handle, knocker and letterplate upgrades have been designed for enhanced performance and durability and are arguably the best quality on the market.

The BLU range of suited hardware is made from 316 marine grade stainless steel, compared to the industry-standard of 304, giving it the best long-term resistance to corrosion in coastal locations, supported by a 'best in class' lifetime guarantee.

COASTAL

Shaping the future.

Stainless Steel Pull Bar Handles available in a variety of sizes including: 400mm/900mm/1800mm. Black PVD Pull Bar Handles are only available in 900mm size.
